

## PLAN FOR YOUR COST YOUR WAY

Whether the plan to pay for college has been years in the making or is a conversation just beginning, options are available to make earning a degree a reality. An important part of planning is to understand undergraduate costs and ensure your financing is in place to pay on time.

2020-2021 costs are calculated for fall and spring at a minimum of 12 credit hours each semester and estimated until approved by the WVU Board of Governors.
